The trading at the opening of the business on the Stock Exchange, yesterday, was of moderate proportions and prices were greatly higher. That the manipulators of New England still have a firm grasp on the speculation in this stock was evinced by a rise in the opening sale of 1% per cent., some 1,100 shares changing hands at this figure. Subsequently the stock moved in an erratic course, a drop being made to 50, with a rally to 51% and a reaction to 49% at the close, making a net loss on the day of 1½ per cent. The veto by the Governor of Illinois of the Lowenthal frontage bill, a measure pushed in the interest of the Chicago Gas Trust, sereved to discourage holders of the stock, The opening sale was at 721/2, a loss of 11/2 per cent., but a rally was quickly made of per cent. In the last hour the bear traders made a vigorous drive against the stock, which sold down 1% per cent. to per gal, 96c@\$1; oil, bergamot, per lb, \$3; 70%, with a final recovery to 71, the stock opium, \$2; quinine, P. & W., per oz, 35@ closing for the day with a loss of 2 per 40c; balsam copaiba, 60@65c; soap, castile, cent. Sugar was largely dealt in, and was manipulated by the inside clique. The stock opened unchanged at 115%, advanced %, broke to 114%, rallied to 115%, reacted to 115% and closed at 115%. The trading in the tassium, 40%45c; chlorate potash, 20c; borax, rest of the market presented but few features of interest. The grangers and others leading, generally appreciated as the day wore along, and, despite some realizations, the greater part of the list shows a frac-tional gain on the day. Kansas & Texas was a feature of the trading, the common advancing 1% and the preferred 1%, a small fraction of the improvement being subsequently lost. Speculation was irregular at

the close, the principal changes on the day being: Advances—C., C., C. & St. L., Pacific Mail and Lake Erie & Western preferred. 1½ per cent. Declines—St. Paul preferred and Illinois Central, 1 per cent.

The trading in bonds was of but moderate volume, and there was a keen inquiry for Kansas & Texas seconds, the sales of which were \$194,000, out of a total for the day of \$1,897,000. This issue scored a gain of 1½ per cent. to 62½. The net results disclose advances generally, the more important of which are: Oregon Short Line consul fives, 4¼ per cent.; Cordage firsts, 2½; General Electric debenture fives, 1½; Chesapeake & Ohio firsts of 1911 North Pacific thirds and Union Pacific gold, each 1 per cent. Declines-Susquehanna & Western general fives, 2 per cent.; Northwest gold sevens, 14; Kansas Pacific consols, 14, and Northern Pacific & Montana firsts, 1 per cent. Government bonds were firm. State bonds

were dull.

Trade Good for Prevailing Conditions and Prices Unsettled. Trade on the wholesale streets and on Commission Row yesterday was good, when

conditions are considered, the scarcity of some lines of goods and the extreme hot weather interfering more or less with business generally, especially on Commission Row. Vegetables, except potatoes, are lower. Fruits firm, except gooseberries, which go off 50c per stand. Apples are weaker. We to-day begin quoting only new appies. Staple groceries are firm and steady. In dry goods nothing new to note. Receipts of eggs are large, and shippers will pay only

9c, as shipped in and uncandled. The local grain market is active, the lower rates creating some stir among ship pers. ### WHEAT ON THE BULGE

AFTER A WEAK OPENING YESTER-DAY IT CLOSED 13-8C HIGHER.

Renewed Circulation of the Crop Damage Reports Precipitates a Quick Advance.

CHICAGO, June 25.-The grain markets

all opened weak and closed strong to-day.

Compared with yesterday's closing prices

wheat wound up with a gain of about 1%c, 51/2c. Copper bottoms, 20c. Planished copper, | corn 1/2c and oats improved 1/4c. The advance in wheat was an acknowledgment of the extremely poor outlook for the winter wheat crop. California now joins the army of the cripples, with a prospective half crop, and bad reports were also received from other States. Provisions joined the procession, and scored fair advances. Wheat opened weak and at from 1/2c to %c under the closing price of the previous day. It was rather firm for a time at the decline, and improved 1/2c or so in about ten minutes, then declined %c. All that was preliminary to an advance of 21/4c, meas-\$750.00 uring its amount from the bottom of the early decline. September has now become the active trading future, and at odd moments during the session brought 2c premium over July. The opening price for September was from 71%c to 71%c, and after a short advance to 721%c dropped to again, and on the reaction touched 72%c, about 12:30 o'clock. The opening weakness and the break which followed the slight advance were seemingly the result of lower quotations from abroad. Liverpool at the opening was quoted in poor demand at from 4d to 4d decline. Private cable ad-vices brought selling orders, and although a cablegram from Hamburg reported that market advancing, all the other continental and United Kingdom exchanges reported lower prices. Antwerp closed 121/2 centimes lower, Paris from 20 to 25 centimes lower and Berlin from 1 mark to 11/2 marks lower. The reaction from 73½c was due to the weakness of the foreign markets. The recovery from the first break was occasioned, so far as any piece of news was concerned, by the receipt of a dispatch from Detroit stating that the wheat crop in Michigan had deteriorated 20 points since June 1. Reports of damage by rust in the Northwest and disappointing returns from this State kept the fever up, and St. Louis, as usual, kept the pot boiling with telegrams which ran the gamut of damage, country milling demand and small stocks. The receipts here were only twenty-four cars, and twelve of these were from private city houses. Minneapolis and Duluth received 182 cars, compared with 270 cars a year ago. The total exports from all the chief shipping countries last week amounted to 9,777,000 bushels, the weekly requirements of the importing countries being about 6,700,000 bushels. Bradstreet's visible statement gave the decrease in the world's stocks since a week ago at 3,884,000 bushels. The market was active during the greater part of the fore-noon and in spots during the latter half of the session, but was generally strong after the first half hour. The best prices of the day prevailed near the end, and the closing strength was owing to private advices confirming previous serious damage to the wheat crop of the States on the Pacific slope. One-half crop from California, Oregon and Washington is now talked of. September rose to 7312c, and closed at that. The demand for corn, both spot and for future deliveries, was good and resulted in an advance. The amount reported sold for shipment was 190,000 bushels. The receipts were 164 cars by rail and 25,000 bushels by canal. Exports from the Atlantic ports were 194,000 bushels. Estimates for tomorrow amounting to only 106 cars gave some strength. Bradstreet's made the decrease in the visible for the week 1,395,000 bushels. Hot winds in Nebraska and Kanas were reported as damaging the crop.

July sold at 4714c at the opening to 4814c near the close, and the latest trading was at 48%c. Oats were active during the greater part of the session. An easier feeling and lower prices were noticeable early in the day, the result of continued free disposing of stuff. The short buying was quite equal to the offerings, however, and stuff was quite readily consumed. Prices were also advanced and closed steady. September ranged from 264c to 27c and closed at

There was a fair trade in provisions at a somewhat advanced range of prices. Pork started with a gain of from 2½c to 5c and wound up with 35c added to its value since yesterday afternoon. Lard is .07½c higher and ribs from .07½c to .10c higher. Hog receipts to-day were 15,000. The moderate receipts, together with strength in grain, caused the advance. Estimated receipts for Wednesday-Wheat, 17 cars; corn, 18 cars; oats, 170 at 10c. Cheese quiet. cars; hogs, 25,000 head.

Elsewhere. CHICAGO, June 25.—Cattle-To-day's re-ceipts were rather large for Tuesday, being estimated at 6,000 head. There was a slow trade at easy prices, with sales of native dressed beef and shipping steers on a basis of \$3.90%. Few sold at high figures, and the bulk went at \$4.50%5.50. As usual, big cattle were sold at much below choice steers of medium weight, and cattle weighing 1,500 lts and upward selling at \$5.10@5.25. Cows and heifers sold anywhere from \$1.50 to \$4.50, chiefly at \$2.50@3.50. Common canning cows are not selling very well, but fat butchers' cows are rather animated at full prices. Bulls sold at \$2@2.75, a few selling at \$3@3.50. It was a "calf day," and the receipts were fully 3,000 head. There was a fair demand, but prices were 50@75c per 100 lbs lower than on last Tuesday, with sales at \$3@5.50, principally at \$4@5. Texas cattle are plentier than last week, the receipts having been 3,165 head yesterday and about 2,700 to-day. There was a fair demand at un-changed prices, with sales of steers on a

basis of \$3@5.25 for common grassers to choice fed lots. Adding the stale hogs left over from yesterday to the fresh receipts, brought the offerings up to about 22,500 hogs, and, as there were buyers for all the desirable lots, prices ruled stronger, with a good sere of the sales at an advance of 5c per 10) lbs on the closing figures of yesterday. The average quality of the hogs on sale, as is usual Tuesday, was good, and a large share of the offerings brought high prices. Heavy hogs sold at \$4.45@4.90; light at \$4.35@ 4.65, for common to choice, and mixed at \$4.40@4.70, the best butchers' hogs bringing The bulk of the hogs sold at \$4.75@ 4.80 for heavy, and at \$4.55@4.65 for light The sheep receipts to-day will reach fully

15,000 head, and common sheep, which com-prise a good share of the offerings, were about 10c per 100 lbs lower in numerous instances, but all lots of choice sheep and lambs sold briskly at steady prices. Spring lambs sold at an extreme range of \$366 per 10) lbs, chiefly at \$5@5.65. Sheep were salable at \$1.50@3.75 for inferior to choice lots, Westerns selling at \$1.65@3.25, and natives chiefly at \$3@3.50. Receipts-Cattle, 6,000; calves, 3,000; hogs, 16,000; sheep. 15,000.
